EDUCATION

De La Salle Lipa

Bachelor of Science in Computer Science, 3rd Year

Relevant Course Work: Software Engineering, Web Development, Data Science, Artificial Intelligence

2023 - Present

GPA: 3.78

PROJECTS

CITE – Thesis Management System

- Led frontend development of a **web-based digital research repository** for the CITE department, enabling students and faculty to search, access, and manage academic papers using **React** and **Tailwind CSS**.
- Built a **tiered access control UI** supporting public, student, and admin roles, including request forms, access approval flows, and permission-based download controls.
- Implemented the **NLP-powered search interface** backed by **TF-IDF keyword extraction** and **Cosine Similarity**, allowing users to retrieve relevant research through natural language queries.

JPCS SiteBuild - Centralized Student Organization Portal

- Spearheaded development and maintenance of a responsive, dynamic website using **Next.js** and **Tailwind CSS**.
- Designed **Gallery of Officers** showcasing organization officers, with MongoDB/Firebase integration cutting load times by **40%**.
- Coordinated with the CSAO to onboard **organization officers** and **streamline official announcement publishing**, serving **500+ Computer Science students** through a centralized digital platform.

ACUP – Ancillary Communication and Updates Platform

- Conceptualized frontend dashboard layouts for **14 ancillary departments** of Mary Mediatrix Medical Center, creating an intuitive system serving **15+ key stakeholders** across **3 organizational tiers**.
- Designed **4 KPIs** (revenue, census, input, equipment utilization) for dashboard reporting, establishing metric organization for month-over-month and year-to-date performance tracking.
- Coordinated with Ancillary Director to onboard all users, including the **AVP, division, & department heads**.

Experience

De La Salle Lipa

Clerical Assistant – Executive Office

June 2023 – May 2026

- Managed **200+ documents monthly** (CKR, PRF, RFS, finance), ensuring accuracy, proper filing, and timely distribution.
- Streamlined workflows using **Microsoft Office** and **Google Workspace**, improving efficiency for office staff.
- Coordinated with faculty and staff, applying **organizational and communication skills**.

Leadership & Community Involvement

Junior Philippine Computer Society – DLSL Chapter (JPCS)

3rd Year Representative for CS

May 2025 – May 2026

- Supported planning and coordination of organization-wide activities, including digital initiatives and events.
- Contribute to planning and execution of digital projects, including **JPCS SiteBuild**.

Hackathon Award

- CaLaBarZon Young Innovators' Challenge – **Most Innovative Solution**

April 2025

Skills

Languages: JavaScript, TypeScript, Python, Tailwind, HTML, CSS, Java

Frameworks/Libraries/Devtools: React, Next.js, Git, GitHub, Visual Studio Code

Soft Skills: Organizational Skills, Communication, Time Management, Problem Solving, Attention to Detail, Creativity Thinking
